

Family Funerals Cars

About this service for which I only require a set donation to charity for its use

I can provide a choice of either a black or a white luxury Range Rover, together with an experienced driver in formal funeral attire, with a cap if required, within the South Devon area to transport family members and/or friends in the funeral procession and afterwards if needed.

The Range Rovers are able to carry up to four passengers per vehicle, plus the driver, and their paintwork matches both my black and my white Daimler hearses. They are both the same model from the same year and have private registration numbers with no business signage. Both vehicles have ivory leather interiors, together with front and rear air conditioning. Side steps are fitted to both vehicles to assist the passengers in entering and leaving, together with a suspension height system that can lower the vehicle if needed. Rear dark-tinted windows preserve privacy.

Like my alternative hearse services, I do not require any payment for myself for providing this service. Instead, I ask that a set charitable donation be made to Torbay Bikers for Kids ([Registered Charity No: 1200973](#)), which raises money to purchase essential items that will help improve the lives and/or education of children who are disabled or severely ill, living in Torbay and the surrounding area in South Devon. Hundreds of children have been helped by donations given.
